

MORE ROADS CLOSED
BY THE STRIKERS.CHICAGO CALLS FOR UNITED
STATES TROOPS.

Militia as Well as Federal Soldiers Are Asked For, to Aid in Opening the Roads—Blockade at Hammond Is Unbroken—One Thousand Men Imported.

CHICAGO, June 30.—The strike situation is hourly assuming more serious phases. Nearly every road in the city is more or less affected, some being completely crippled. The sheriff is swearing in large numbers of deputies today, and the governor has been asked for troops. The general government has also been asked to interfere. Many trains are being held at Hammond, Ind., among them the mails. One thousand men were brought here last night by the Grand Trunk to take the strikers' places. No trains were allowed to enter the stock yards this morning and two thousand men were laid off in the packing houses. All will go on Monday unless there is a settlement. It was said last night that Director Shea, chairman of the general grievance committee of the Brotherhood of Locomotive Engineers, has told the members of his order they would not be expected to work with non-union men. This means that the engineers are with the strikers, and if they go out it will surely give them the victory.

THE CENTRAL ASKS FOR TROOPS.

Wants Soldiers at Cairo—Situation All Over the Country Favors Strikers.

SPRINGFIELD, Ill., June 30.—The companies of the national guard stationed at Belleville, Carbondale and Olney are now under arms awaiting orders to move on Cairo if proper requisition is made by the sheriff of Alexander county. Since Thursday night considerable telegraphic correspondence has passed between the governor and the officials of the Illinois Central railroad, whose trains are now tied up at Cairo by the strikers. Assistant Adjutant-General Hugh E. Bayle, acting under orders of the governor, left yesterday afternoon for Cairo, which point he reached shortly after midnight, and will at once report the condition of affairs there to the governor.

CAIRO, Ill., June 30.—The aspect of the strike conditions in this city have not materially changed, but affairs are in a worse condition, if possible, than before. Ten mail trains and one local passenger train are lying idle in the Illinois Central yards, three tons of United States mail are detained at the passenger depot, and through an order issued by Second Vice-President Harahan, all the striking employees of that road here and at Mounds Junction, eight miles north, numbering about 400, were discharged at 6 p. m. Thousands of dollars worth of perishable freight is side-tracked, with no prospect of removal, and 150 passengers, who had hoped to resume their journey are now lying at Mounds Junction in the midst of a dreary waste of railroad tracks.

Late in the afternoon the A. R. U., through President Debs, raised the boycott on the Mobile & Ohio, after General Manager J. G. Mann had signed an agreement not to haul any more Pullman sleepers for the present, and her freight lines will resume action at once. No effort has been made by this road to move a sleeper since Wednesday night. Similar negotiations upon the part of the Big Four are now in progress and it is thought that the boycott on that road will be raised.

The Iron Mountain and Cotton Belt roads are still inactive.

The attorney for the Illinois Central applied to United States Judge Allen for an order to move the mail trains now being detained in this city. The order was received at noon yesterday and delivered to United States Marshal W. B. Brinton. At 3:20 a crew was obtained, and a train composed of a baggage car, mail car, two coaches and two sleepers was quickly filled with 150 persons. Two obstreperous strikers cut off the sleepers three times, but the leaders coupled them again and stood by their agreement in every particular, but it was 4:10 p. m. before the train started for Chicago. It was stopped, however, at Mounds Junction.

Intense excitement was created when it was learned that the Illinois Central had telegraphed Gov. Altgeld for troops. The governor replied that he could not send troops until some act of violence was reported. The men are maddened at this action on the part of the road, and while they have gone about the fight good-naturedly all along have now settled down to it in earnest and declare that they will hold every Pullman sleeper at all hazards.

COACHES CUT OFF.

Illinois Central Weakens and Orders the Pullman Cars Left Behind.

CHICAGO, June 30.—The Illinois Central was driven back last night in the fight between the railroad companies and their striking employees. It telegraphed orders to its agent in Cairo to take the Pullman cars off one of the ten trains which were held there by the strikers and hurry it through to Chicago as fast as possible.

Considering the importance of the road, its admitted fighting qualities

the terrible pressure of which the American Railroad Union brought to bear on the entire system, and the bold front presented from the beginning by its general officers, the strikers claim that this order sent to Cairo is evidence that the road is weakening.

All of the railroad employees of the stock yards struck early in the evening, over 500 of them walking out. To-day the yards will be in a condition of complete paralysis unless by extraordinary efforts the company secures men to take the places of the strikers. In any event every industry in the stock yards will be seriously affected to-day, and if the tie-up lasts over Monday all the packing houses will be compelled to shut down. This will throw at least 25,000 men out of employment, but as the Knights of Labor are affiliated with the American Railway Union in the Pullman boycott and the stock yards employees are all members of that organization they have signified their readiness to join the fight.

To-day the Chicago, Rock Island & Pacific road will probably be added to the column of roads whose men are out. Up to last night this road was not affected in the slightest degree by the strike, although it uses plenty of Pullman cars, for the American Railway Union was none too strong on the line, but active missionary work brought the employees of the road in line, and the enthusiastic meeting of over 1,000 representatives of every branch of the mechanical and traffic service of the Rockland road at Blue Island last night strengthened the probability that the great Rock Island will join the cripple to-day.

There is every reason to believe that the strike will take on greater proportions to-day, and that several of the roads which have heretofore been able to move their trains will experience more trouble in doing so. This is in consequence of the decision of nearly 1,000 engineers, firemen and conductors, all members of the old brotherhoods, at meetings held yesterday and last night, that they would not go out on trains that were made up by other than union men. These men are in the employ of the Chicago & Northwestern, Illinois Central, Northern Pacific, Wisconsin Central and Chicago Great Western railroads.

TRAINS ARE HELD.

Strikers at Hammond, Ind., Will Allow Nothing to Pass.

HAMMOND, Ind., June 30.—The Monon passenger train No. 2, which left Chicago at 8:32 last night, is in the hands of the strikers. Manned by 140 of them, it came into Hammond at 11:40 last night. The strikers are in high spirits.

When they heard of the avowed intention of the Monon officials to take the train to Indianapolis if it had to run over the bodies of 1,000 strikers, they held a meeting and decided to protest. Everybody voted to capture the train. Although the train carries mail they were not at all afraid.

When the train came to the state line 10:42 it was signaled to stop. The engineer had scarcely done so when the crowd surrounded him. Then an engineer took the place of the regular Monon man, and while the strikers yelled the train went into a switch and then pulled slowly into the city. The mob controlled it. It was run down on a switch and will be left there until the strike is ended. It carries four sleepers, two mail cars, two baggage cars and four day coaches.

Sheriff Fredericks of Lake county has asked Gov. Matthews to send troops to Hammond. He says he can not protect life and property on the railroads. The Western Indiana tracks at the state line are completely blocked. Five passenger trains are standing there, one behind the other. Four of the trains belong to the Erie and one to the Monon road. The first train has been there since 4:40 Friday afternoon. The passengers are tired and hungry. The mob which stopped the trains held a meeting along the tracks at 10 o'clock and voted to hold the trains till the strike was settled.

It is expected here that the governor will call out the troops. While the hungry passengers were waiting for something to happen the fourth Erie passenger, No. 12, which left at 8:12 p. m., came up. It was also blocked. This was the first train carrying United States mail. That seemingly made no difference to the strikers. It was held the same as the others. None of the trains will go on until the Pullman cars are allowed to go with them.

INDIANAPOLIS, Ind., June 30.—United States District Attorney Burke received instructions from Attorney-General Olney to take action at once against all persons interfering with the running of mail trains in Indiana. There has been no call for troops and none have been ordered out.

EASTERN ILLINOIS LINE TIED UP.

Strike at Terre Haute and Brazil Stops Traffic—Hold a Mail Train.

TERRE HAUTE, Ind., June 30.—The employees, almost without exception, of the Evansville & Terre Haute and Chicago & Eastern Illinois have left work. The companies notified all shippers that they would not receive freight. The sheriff of the county has been called upon by the Monon for assistance in moving its trains. The governor will take no action until he returns to Indianapolis.

BRAZIL, Ind., June 30.—At noon yesterday all the employees of the Brazil branch of the Chicago and Eastern Illinois went out on a strike to secure the restoration of the old scale existing prior to Aug. 1, 1893, and assist

the Pullman strikers. The suspension of work on this line will throw all the miners out of employment. No trains, except those carrying the mails, will be allowed to run.

ROMENCE, Ill., June 30.—Since noon yesterday practically all the employees of the Chicago & Eastern Illinois railroad have ceased work. All the switchmen, roundhouse men, car repairers and shop men are out together with all the freight crews. The local freight trains of the three divisions centering here are abandoned.

DANVILLE, Ill., June 30.—Employees in the Chicago & Eastern Illinois shops quit work at noon yesterday and the shops closed down. At 2:30 o'clock a meeting it was decided to strike at 6 o'clock this evening in sympathy with the Pullman men and for a restoration of a 10 per cent cut made in their wages some time ago. The Big Four and Wabash are experiencing no trouble.

READY TO FIGHT AT CINCINNATI.

Switchmen Give Engineers Twenty-Four Hours to Join the Strike.

CINCINNATI, Ohio, June 30.—The switchmen's meeting at West End Turner hall last night gave the engineers and firemen twenty-four hours more to join the strike. The roads affected have men here to put to work. The strikers threaten that they shall not work. The United States court appointed a large batch of deputies last night. The police are organizing to support the new men set at work.

Not a road with the exception of the Pennsylvania is receiving freight. The switchmen and other yard employees struck yesterday. At 10 o'clock they were joined by the men in the yards at Ludlow, Covington and Newport. No attempts are made to make up or move freights and Superintendents and office men are making up the passenger trains. Notice has been given by the Cincinnati, Hamilton & Dayton, Queen Crescent and Baltimore & Ohio that they will put in new men.

CLEVELAND, Ohio, June 30.—Pullman cars are running as usual on roads using them and there is yet no evidence of the boycott.

TOLEDO, Ohio, June 30.—President Waite of the Hocking Valley refused to accept the scale demanded by the employees and the men struck at noon yesterday. Nothing but mail trains are running. There was trouble at the shops of the road at Columbus at 2:40 o'clock and a detachment of police was sent to the scene.

DENVER, Colo., June 30.—All American Railway Union men on the Santa Fe road at this point have stopped work. So far the Denver & Rio Grande has not been interfered with.

COLORADO SPRINGS, Colo., June 30.—The order calling out the American Railway Union men employed on the Colorado Midland was received here last evening and the road is tied up. The officials refuse to run trains without Pullman sleepers and the men refuse to handle them.

PUEBLO, Colo., June 30.—All the Denver & Rio Grande employees in Pueblo, including shopmen, trackmen, and even graders, have struck. The Santa Fe is running no trains except locals.

ALBUQUERQUE, N. M., June 30.—At a secret meeting of the A. R. U. a strike was ordered on the Albuquerque division of the Atlantic & Pacific road to Winslow, thus tying up that road for the entire length. The company has sworn in a lot of deputies.

May Tie Up the Gould Lines.

St. LOUIS, Mo., June 30.—The refusal of the Missouri Pacific Bosa Switchman John Lally to handle Pullman cars will result in a complete tie-up of the Missouri Pacific and Iron Mountain roads—indeed, the entire Gould southwestern system—unless Lally is reinstated. The night switching crew struck immediately and the day force went this morning, but three men reporting for duty. As a result but two switch engines are to-day at work in those yards, and these are likely to be stopped at any moment. In addition to this the strikers laid their case before George P. Kern, who at present represents President Debs here, and after a conference which occupied the entire night, Kern wire the facts to Mr. Debs and officially requested him to order the entire Gould southwestern system tied up unless Lally should be reinstated. Kern states that as a result of this there is not the slightest doubt that all the railroads controlled by the Goulds will be dead, so far as the turning of wheels is concerned, by 9 o'clock in the morning.

Stop Switching at Indianapolis.

INDIANAPOLIS, Ind., June 30.—None but passenger trains are being run through here on the lines affected by the Pullman strike. There are 800 American Railway Union men here and 1,500 that run into this point. No orders to strike have yet been received, but they are expected. Should the strike extend to this city it would be a serious drawback to the Big Four, Monon, Lake Erie & Western, Indianapolis, Decatur & Western, and the Pennsylvania. Indianapolis is a gateway for fifteen different roads. The Big Four St. Louis division that has been running a Washington sleeper from St. Louis has substituted a Wagner sleeper.

Alton Freight Blocked.

BLOOMINGTON, Ill., June 30.—The American Railway Union put a tight grip on the Chicago & Alton yesterday. All the men are out. The conference of Superintendent Gray with the representatives of his men came to naught. The American Railway Union decided to stay out.

REVOLT OF KNIGHTS
AGAINST LEADERS.TO COMPEL AN ACCOUNTING BY
GENERAL OFFICERS

Neglect of Duty Charged—Funds Alleged to Have Been Illegally Expended—Hayes and McGuire Making Money Out of Their Positions.

PHILADELPHIA, Pa., June 30.—The bitterness that has prevailed the ranks of the Knights of Labor ever since the meeting of the general assembly in this city in November found expression at a meeting held in this city, at which steps were taken looking toward a thorough overhauling by the courts of the books of General Secretary-Treasurer John W. Hayes. The meeting adopted an appeal to the order which says:

"Among the reasons which have impelled the signers to the course which they have taken are the following:

Because, in consequence of being engaged in outside schemes, the general officers are neglecting the duties which they are elected to perform and for which they are paid out of the funds of the order.

Because proof of this negligence is shown in the establishment of a gas plant at Ephrata, at a capitalization of \$50,000, among the incorporators being Thomas B. McGuire and Jacob G. Schonfarber.

Because proof is furnished and shown in a dispatch received from Hastings, Neb., on the 19th inst., which stated that the gas plant and nine miles of main, the property of that town, had been purchased by John W. Hayes, Thomas B. McGuire and Jacob Schonfarber for the sum of \$60,000.

Therefore, we are forced to resort to legal process and have decided to enter the courts to compel a financial accounting that we believe will result in exposures confirmatory of our gravest suspicions.

The appeal concludes with a request for co-operation by members. One of the national assemblies in this state has promised \$250 toward the prosecution of the legal investigation if other assemblies will supply as much more as may be needed.

The meeting adopted resolutions condemning the suspension of Messrs. Powderly, Quinn and Wright as a "flagrant outrage and a brutal manifestation of enmity."

FURTHER STAY FOR WIMAN.

Application for a Certificate of Reasonable Doubt Postponed Till July 9.

NEW YORK, June 30.—Erastus Wiman is not to go to Sing Sing for the crime of forgery in the second degree, of which he was convicted, for ten days to come, at least. Argument on the application for a certificate of reasonable doubt in his case was scheduled for this morning before Justice Barrett in Supreme court chambers. A temporary stay was obtained early this week from Justice Barrett, pending argument on the application for a certificate. Messrs. Tracey, Boardman and Platt, counsel for Mr. Wiman, however, were not ready to go on to-day and on consent of the district attorney's office the argument was adjourned until July 9, when Justice Barrett will again be on the bench. The temporary stay was also extended until then.

France Is Grateful.

PARIS, June 30.—M. Decrais, French ambassador to Great Britain, in obedience to instructions, has gone to Windsor to thank the queen for her majesty's expressions of sympathy and condolence. M. Hanotaux, foreign minister, has instructed French diplomatic representatives throughout the world to offer the thanks of France to the various governments for similar expressions.

Suicide of a Wealthy Lumberman.

MINNEAPOLIS, Minn., June 30.—Nathaniel E. Leighton, a wealthy lumberman, who had been in the business here for a quarter of a century, shot himself early this morning. He was ill with kidney and liver troubles, and the incessant pain became so intense that he resolved to end it.

Colored Assassin Is Lynched.

MONNETT, Mo., June 30.—Ulysses Hayden, a negro, was last night taken from the sheriff of Newton county at this place and hanged by a mob to a telegraph pole. Hayden was arrested for shooting Botz Greenwood, a brakeman, at this place June 20.

Fifty Women on a Strike.

PHILADELPHIA, Pa., June 3.—Four hundred cigar-makers employed by Boltz, Clymer & Co., fifty of whom are women, struck yesterday because they were refused an increase in pay of 50 cents a thousand. Their wages have averaged about \$7.50 per week.

China Preparing for War.

LONDON, June 30.—A dispatch from Shanghai, China, to-day, says that Japan, preferring foreign to civil war, refuses to evacuate Corea. Consequently China is increasing her naval and military forces for active operations.

A Plot to Kill Crispien.

PARIS, June 30.—A special dispatch received here from Rome says that a workman has been arrested in the vicinity of Premier Crispien's house, having been overheard to threaten the life of the premier.

HAVE REPORTED THE TARIFF BILL
Committee of the Whole Completes Its Work—Many Amendments Passed.

WASHINGTON, June 30.—At the opening of the senate session yesterday Mr. Sherman's resolution of Thursday directing the committee on interstate commerce to inquire into the advisability of regulating by law the use of sleeping and parlor cars was adopted. The joint resolution continuing the annual appropriations thirty days after June 30 was adopted.

The tariff bill was taken up and Mr. Vest moved an amendment to the clause repealing the reciprocity feature of the McKinley bill. Agreed to.

Senator Peffer offered as a new section the amendment levying a tax of \$50 per head on all aliens landing in the United States to engage in industrial occupations. Tabled, 46 to 12.

Mr. Jones then asked unanimous consent to make a number of amendments overlooked as the bill was being considered. The amendments were agreed to as fast as read. Most of them were verbal or very unimportant.

Sec. 9 of the internal revenue was amended so as to prohibit liquors made of sugar and molasses being entered in bonded warehouses. The duty on precious stones, cut but not set, was fixed at 25 per cent; if set, 30; uncut precious stones, 10 per cent.

The tariff bill was reported to the senate at 5:45 and at 6:10 the senate adjourned until Monday.

Senator Hill gave notice of an amendment to the income tax feature of the tariff bill by adding at the end of section 59 the following: "That all state, county, municipal and town taxes and all necessary sums for insurance paid by corporations, companies or associations shall be excluded or deducted in estimating the net profits or income of such associations, companies or corporations."

Senator Allen also gave notice of an amendment at the end of the tariff bill as follows: "Provided that all surplus revenue derived by government under the provisions of this act shall be held as a credit fund with which to pay the national indebtedness as rapidly as possible."

Senator Pettigrew of South Dakota proposed an amendment to the tariff bill abrogating the Hawaiian treaty.

TWO MEN KILLED AT A FIRE.

Million-Dollar Blaze at Brooklyn, N. Y.—Crushed by a Wall.

BROOKLYN, N. Y., June 30.—Shortly after 4 o'clock yesterday afternoon fire broke out in Woodruff's stores on Furman street. About 8 o'clock in the evening, when the fire was under control, the flames started again with greater force, and it at once became evident that buildings "K" and "H" were doomed. It was about 9:15 p. m. that the south wall of warehouse "K" was seen to bulge out and a moment later fell with a terrific crash. Employees of the Union Ferry company were on the trestlework, which runs through the yard. They were playing a hose on the company's property when the wall fell, burying three of them beneath it, while the fourth jumped and escaped. A rescuing party was formed, which in a short time succeeded in bringing the bodies out of the debris. Two of them had been killed outright, while the third man received injuries which will probably result in his death.

About midnight the flames were thought to be under control. The burned buildings were valued at \$75,000, while the value of their contents was \$1,000,000, making a total loss of \$1,075,000, said to be fully covered by insurance.

Minonk Miners Refuse to Work.

MINONK, Ill., June 30.—Minonk miners have decided to remain out. They were offered by way of brushing and other extras a raise, but decided not to work.

PUNXSUTAWNEY, Pa., June 30.—A settlement of differences between the Rochester and Pittsburg Coal and Coke company and its employees was finally reached yesterday. The price for mining coal agreed upon is 40 cents net, the mines to be governed by the same conditions and rules that existed before the strike.

Killed By a Conductor.

CHARLESTON, W. Va., June 30.—T. A. Goodwin, a conductor on the James river division of the Chesapeake & Ohio railroad, shot and killed H. C. Parsons at Glad's inn this morning. Parsons owned the natural bridge and had reported Goodwin for an alleged offense. Goodwin surrendered to the authorities.

BAD MAN FROM ROCK
CAUGHT IN A BAYJAMES MILES ARRESTED IN
NORTHERN WISCONSIN.

Cornered By Officers Who Thought He Was One of the Milwaukee Jail Breakers—There Is a Suspicion That He Helped in the Edgerton Bank Job.

STURGEON BAY, Wis., June 30.—For two weeks officers have been tracking two fugitives who were believed to be the Milwaukee jail breakers. Last night they cornered one of them at the point of cocked guns. He showed fight but finally appeared to give up. As the officer approached he bolted and dove into the water. Before the officers could reach him he had emptied his pockets of letters, tearing the paper to bits and scattering them over the water.

When brought to shore he gave his name as James Miles and said he had worked in Edgerton, Wis., until two months ago. A scrap of paper left in one pocket bore the names of James Corbett and James Corrigan. His actions satisfy the police that he is a man who is badly wanted in some city but they can't tell where.

EDGERTON, Wis., June 30.—The description of the man arrested in Sturgeon Bay fits the man who attempted to rob the Edgerton bank. There is no case against him, however, and he will not be brought here.

DEBS ON THE BOYCOTT.

Defends His Actions Regarding the Santa Fe—Howard Talks Freely.

CHICAGO, June 30.—With reference to the Santa Fe boycott President Debs of the union said: "Men have a right to quit work on a road even if it is in the hands of a receiver. It is not our intention to commit any acts of violence, and so long as we do not I can not see that we have anything to fear. We simply quit, as we have a right to, and we will allow the company to operate the road without us if it can. We have done that which Judge Caldwell admits we have a right to do. We have quit work. I never committed a lawless act in my life, and I think I have nothing to fear from the courts. I am doing what I consider my duty and will continue in that course."

Vice President Howard said this morning: "We have fought a good battle thus far and will continue the work to-day. The Chicago & Alton and the Rock Island will probably hear from us to-day. I don't know just how soon we shall succeed in tying up all the roads where Pullman cars are operated, but we are carrying out our plan just as fast as we can." President Debs sent out a communication this morning warning all the men at all points not to commit acts of violence.

START FULL TRAINS.

All Railroads Send Out Complete Ones From St. Paul.

ST. PAUL, Minn., June 30.—The regular trains on the Northern Pacific and all the Chicago-St. Paul lines went out last evening on time with crews made up of non-union men who were collected around the yards. No disposition was shown anywhere to make trouble. The men on the Great Western & Omaha lines struck yesterday. The men on the Burlington road are expected to go out. Hundreds of people are congregated around the yards and the feeling is ugly. The Wisconsin Central train came in with danger signals on every car notifying the strikers that they were the property of the United States courts.

MINNEAPOLIS, Minn., June 30.—The strike has reached Minneapolis and St. Louis. Fully 1,000 members of the American Railway Union are here to talk over the situation and 125 new members were added. Advice received by the strikers from along the Omaha state that there is a general tie-up between here and Duluth, and that the same condition will soon exist south of here.

Drowned in a Fight.

DULUTH, June 30.—James Sutton, engineer on the tug Record, was drowned here this morning. He quarreled with and struck E. N. Porter, the fireman. They clinched and fell overboard and Sutton went to the bottom. Porter swam ashore and is still at large.

Complete Tie-Up at Sacramento.

SACRAMENTO, Cal., June 30.—Two thousand men of the Southern Pacific shops here went on a strike yesterday as a result of the discharge of a union brakeman at Oakland for refusal to handle Pullmans. The tie-up is complete throughout California.

Omaha Men Will Not Strike.

OMAHA, Neb., June 30.—President Debs of the A. R. U. wired Secretary Noble of the local union to strike at noon yesterday. The order is not strong here and there may be no strike.

Southern Pacific Men to Quit.

LOS ANGELES, Cal., June 30.—At a meeting of the railroad men a general strike on the Southern Pacific system was ordered by the union. All the operatives of the great corporation will walk out, so that not even coal trains will be run.

PULLMAN CARS RUN OVER THE C. & N. W.

TROUBLE REPORTED NORTH OF THIS CITY.

Orders Received to Sell No Tickets For Points Between Eau Claire and Duluth—Division Superintendent Cantillon Says He Can Get All the Men He Wants.

No tickets are sold to-day for points on the Omaha division of the Chicago & Northwestern.

This order came out from Chicago by telegraph, to local agents. It applies to all points between Eau Claire and Duluth.

The "vestibule" last night included one Pullman car, the same one that went south yesterday morning. The car is one of the few used by the Chicago & Northwestern company, and it is run over the Omaha division to St. Paul. When the road composing this division was purchased by the Northwestern company, Pullman sleepers were in use on the line and under the old contract the Northwestern company is still compelled to run a Pullman sleeper every other night from this city over the route.

Not Much Trouble Today.

Reports from Chicago today indicate that there is very little trouble on the Northwestern lines except at the Duluth end. Out of a total of twenty-eight switching crews all but seven were at work during the day on the Galena division. This force was large enough to handle all the freight business, according to the company. One of the officials said 1,800 cars had been moved through the yards at Western avenue. At noon 450 men out of 850 men employed in the shops at West Fortieth street quit work without giving any notice, and at the same time the force of clerks in the office of the West Chicago freight yards left their desks and were discharged. All but four of the regular switchmen remained at work in the yards of the Wisconsin division. A force of twelve regular switchmen and six special officers, assisted by several yard masters, managed to keep things moving at Western avenue.

Two Trains With Pullmans.

The two St. Paul expresses, the only two through trains carrying Pullmans, left Chicago last night and came through without any visible objection on the part of the strikers. The passenger business of the road was carried on without interruption or disturbance of the schedule and no freight business was declined at the offices. The places vacated by the striking switchmen are being filled with new men as fast as they can be hired by the company and the officials profess to be able to secure a full working force in a few days. While there is no question that the freight business is suffering, the effect of the strike is not so severely felt as to occasion any alarm. As an indication that the company means to fulfill President Hughitt's promise it has about 250 special officers guarding the yards and tracks besides a large number of city policemen. No violence has been offered thus far by the strikers.

Can Fill Strikers Places.

Assistant Superintendent Cantillon of Milwaukee said yesterday that the Northwestern company could easily fill the strikers places, and that it had received many applications from men who want to work. Two switchmen, formerly in the employ of the St. Paul road, were hired yesterday. The passenger service, he said, had not been affected. It is stated that the strikers will not be reinstated, and orders to that effect have been received from Superintendent W. M. Gardner of the Wisconsin division. The company is accepting all kinds of freight. Mr. Cantillon says the road is determined to operate its Pullman cars and will fight the strike no matter how much the road is inconvenienced. He says the road is in no hurry to hire new men, but that plenty are to be had.

ART LEAGUE IS ORGANIZED.

Regular Course of Work Undertaken by a Body of Janesville People.

Janesville's Art League was formally organized at the home of Mrs. A. E. Tanberg yesterday afternoon. It was decided to hold weekly meetings, an hour and a half to be devoted to sketching and painting, and one hour to the discussion of themes associated with the work of the league. These officers were chosen:

TOBACCO PLANTS ARE FLOURISHING

Month of June Closes With the Fields in Excellent Condition.

The month of June closes with an unusually bright prospect for the new tobacco crop now standing in the fields. The Edgerton Reporter says: "The plants were generally large enough for transplanting when the month opened, but a two months' drought delayed planting in a general way until about the 15th. Since then frequent rains gave a very favorable opportunity for getting the plants into the fields and the succeeding warm weather with occasional showers about as needed has given the young plants an excellent start and they have since been coming forward at a rapid rate. The outlook today for the crop is at least two weeks in advance of the average season. Some of the early plantings promise to be matured by the last of July while the average fields will be in harvest earlier than usual under favorable weather. It is so seldom that the tobacco crop promises so well at this date that the condition is entitled to mention."

HEAR EASTERN TALES AND SONGS

Audience at the Congregational Church Addressed by Rev. W. W. Sleeper

Rev. W. W. Sleeper, of Beloit lectured last night on eastern life his theme being "From Vienna to Constantinople." The reverend gentleman spoke from actual experience, having been a resident of the heathen lands for several years. His remarks were very interesting and often humorous. At times the narrative took on a dramatic turn and was full of fire. The lecture was interspersed with Serbian, Bulgarian and Turkish folk songs and the national melodies of those countries. At the close an opportunity was given the audience to come forward and inspect a large collection of photographs. The proceeds of the entertainment go to the Y. M. C. A.

LOCAL BASE BALL NOTES.

THE Chicago Brands will play the Athletics on the Fourth.

A PICKED nine from Beloit and Rockford will play the Athletics tomorrow.

The game at Elkhorn today between the Holmes Hustlers and the Elkhorn nine was declared off.

ROCKFORD'S Y. M. C. A. team wanted to come to Janesville and play two games on the Fourth, but as the park is engaged for that day, they were unable to do so.

THE Y. M. C. A. team of this city will play in Stoughton next Tuesday, July 3. The home nine will soon be decked out in new uniforms, the Janesville Clothing company having the contract.

EDGERTON'S base ball team defeated Stoughton's nine at Edgerton yesterday by a score of 7 to 0, the Stoughton team being shut out without a run. The Edgerton boys want a go at the Athletics.

THE Golden Eagles went to Clinton yesterday afternoon and beat the home nine 12 to 6. The Sullivan Bros. comprised the battery for the visiting team and Benedict and Pye played the points for the Clinton willow weilders.

THE Janesville Stars went to Fort Atkinson yesterday and succeeding in knocking out the home team to the tune of 17 to 12. Brothers and Lempe played the points for the Stars and Sullivan and Miller comprised the battery for the Fort Atkinson nine.

BRIEF BITS OF STATE NEWS

BISHOP JOYCE is to speak at the camp meeting in Byron today and tomorrow.

BURLINGTON has organized a company for the manufacture of granulated milk food and food products.

EDWARD HANCOCK of Harvard lost a valuable Jersey cow that had lunched on six quarts of paint, linseed oil and yellow ochre.

TONIGHT THE PIANO WILL GO TO--WHOM?

HOT CONTEST IS NEARLY AT AN END.

Bets Made on Four Favorites Today—Two Young Men Put Up \$50 Apiece As Evidence that they Have "Inside Information"—Count Will Be Made Monday.

Tonight ends it all! Who gets the piano?

The greatest care has been used in this office to prevent candidates securing information as to the standing of others, but comparisons seem to have been made on the outside, and today there was considerable betting on the chances of the various young ladies.

One bet of fifty dollars was made by young business men each of whom was confident that he had a "lead pipe cinch." This was the largest bet, the others ranging from five dollars down. The betting centered on four favorites in the field, each of the four having many backers. Surprises are probable when the count is completed.

Bundles of coupons have been pouring in all day and new subscribers have been enrolled with a cheerful regularity. Most of the subscriptions today carried with them 2,000 votes for they were paid for a year in advance.

So large have the totals grown that it will be impossible to make the count tonight. The voting does not end until 9 o'clock and no effort will be made to count the votes until Monday. Monday night the result will be announced through The Gazette and happiness will come to one of these young ladies:

Ainslie, Tina
Baker, Bessie
Baldwin, L. M.
Clifford, Alice M.
Eldredge, Rose B.
Ennis, Mary
Frink, May
Foster, Lottie
Gifford, Alice V.
Gibbs, Maria J.
Holt, Ellen
Huggett, Miss Olive
Hayward, Minnie
Kenyon, Cora
Kastner, Alice
Loucks, Frank
McGilligan, Mary
Nichols, Ida
Peters, Nellie
Pease, Basile K.
Randall, Carrie M.
Wright, Adia V.

1. Any one, anywhere in any state is entitled to vote as often as they can buy a copy of The Janesville Gazette containing the coupon.

2. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano company can make.

3. The contest will close June 30, at 9 p. m. Piano will be delivered as soon as the counting of votes is completed.

4. Any person who will bring the Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.
New subscriber paid in advance two months, 250 votes.
New subscriber paid in advance six months, 900 votes.
New subscriber paid in advance one year, 2,000.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

Could anything be fairer? The Gazette wants subscribers. The Shaw piano is seeking friends. Let us rally our energies and make the closing days ring with hurrahs for the favorites.

THE HIGHEST AWARD.

Dr. Price's Baking Powder Receives It. (Chicago Tribune.)

For leavening power, keeping qualities, purity and general excellence the World's Fair jury decided that Dr. Price's Cream Baking Powder had no equal. On each of its claims it was awarded a first prize or diploma. All the baking powders entered for prizes were subjected to a most exhaustive examination, and the jury was the best equipped to make the decision of any ever got together. Their verdict was supported by the testimony of Dr. H. W. Wiley, chief chemist of the United States Department of Agriculture at Washington. Dr. Wiley is an expert on food products and the highest authority on such matters in America. The verdict settles a long-debated question as to which among the many baking powders is the best.

THERE will be no service at the Congregational church in Johnstown on next Sunday on account of the tent meeting at Emerald Grove. Every body is invited to attend these meetings, coming in the morning with dinners and staying all day. Services at 10:30 a. m., 3:00 p. m. and 7:30 p. m.

TRIBUTE TO FREDERICK F. PRENTICE

Sterling Qualities of the Dead Man Described By a Brother Elk.

This expression of sentiment from the pen of V. P. Richardson in tribute to the late Frederick F. Prentice has been adopted by Janesville Lodge, No. 254, B. P. O. E.:

Brother Elks.—There exists in this order a beautiful custom in accordance with which, at a certain time in our meetings, we turn from our business or our pleasure and devote a few moments to thoughts of the absent ones. With us that time has now arrived and I ask you to devote these moments to the memory of our dear friend, Fred Prentice. I have been asked to prepare the resolutions of respect customary on such an occasion as this, but I feel inadequate to the task. We must all feel that no set phrases or resolutions can properly express the deep sorrow that fills our hearts and I feel certain that you will agree with me that such expression of our grief could but be distasteful to Prentice. It is somewhat difficult to do justice to such a character as that of Fred Prentice. He was so simple, so modest, so unassuming in all the affairs of life that we cannot point to any one characteristic and say, in this he excelled. His life was somewhat narrow, being confined within the four walls of his store, yet he took a keen interest in all passing events and felt a deep sympathy with all the struggles of humanity. In his profession he was known as a thorough, expert druggist; in the business world as an honest, honorable man, and socially as a kind, true-hearted friend.

A man of few prejudices, but of strong opinions, he was considerate of the opinions and prejudices of others. Though he may have had some of the weaknesses and faults arising from the temptations of life, yet they but served to make him the more considerate of the weaknesses of others. His faults but emphasized his virtues. About a year ago Fred suffered from a stroke of paralysis brought on by over exertion, and for weeks he lay upon that border land that separates us from eternity. Then rallying, filled with new hopes of life and of activity, he sought strength in the west. But he had indeed turned his face towards the west, and though for a while his letters were filled with his old-time cheerfulness, his friends soon realized that his health was not improving. Still they hoped to once more meet him, and less than two months ago they expected him home. But the final breaking down came suddenly at the last, and without warning we received word that Fred was dead. With Fred's knowledge of the effect of physical conditions he must for some time have realized that he was fast approaching death, yet he faced that great, that final change with the same simple, unflinching courage with which he faced the duties of life and without a remonstrance, almost without a sigh, in the prime of young manhood, with all the fruits of life yet before him, he passed out of our our lives. By the world Fred will soon be forgotten, but with us, his friends, his memory must linger as that of a kindly true hearted gentleman. I know of few things more pathetic than Fred's last letters to his friends, and from these letters I have made a few extracts.

March 27th he wrote, "Were it not for my friends there have been times I would have given up the fight and one day especially I had thought it all out just where I would go to wade out into the ocean and stay there with my head under water. Again April 2 he wrote, "I did not get a letter from you today as I had expected but dare not wait longer before writing as I am afraid I would not be in a condition to write. I can see that I am losing my grip and I am afraid I shall never see you again. Now old man, I hope you will do the best you can for me, for old times sake. I know that I don't deserve it but am sure you will do it for me. There are some things in my room that I would want you to look over in case of my death as you will know what should be kept and what destroyed. I am so confused that I can't write more. Good bye, old man, good bye.

Tears,
O, let the pearly tear drops fall.
Try not to check them as they flow
Part of our nature, these drops of dew,
And they come from the heart we know.

We must shed salt and bitter tears.
In this life, on earth below
In heaven they cease forever,
No more "cause" for them to flow.

Our lives would be, without these tears
Empty, burdensome, all one way.
Like earth, did the sun forever shine;
'T would be dead without the rainy day.
Tears wash the soul like a summer shower
After which all things are fresh and sweet;
They bring to us joys we would never know
These tears that make life complete.

MRS. GRUNDY FEELS THE CURING POWER

EVANGELISTS RAISE HER FROM THE BED.

Since Her Injury on Pleasant Street Mrs. Grundy Has Been Unable to Leave Her Bed—History of the Famous Damage Suit Against the City.

Samuel Grundy was a surprised man last evening when he reached his home 353 Western avenue.

Mrs. Grundy, who has been confined to her bed for a number of years, was sitting at the supper table awaiting the arrival of her husband.

It was the first time she had occupied her place at the family table since she was injured on Academy street, in April, 1890.

Evangelist Welch visited the home yesterday, and it is claimed that her position at the supper table last evening was the result of his visit.

The evangelist was called to her home; he responded, and the remainder of the story is similar to that of Miss Obrist and Mrs. Marion Jude. The sufferers had faith in what the evangelists told them, prayed fervently for relief, and their prayers, in a measure, were answered.

Mrs. Grundy's injuries, as will be remembered, formed the basis of a damage suit against the city in the circuit court not long ago. A judgment of \$5,000 in favor of Mrs. Grundy was returned and another judgment of \$5,000 in favor of her husband for loss of her society. Mrs. Grundy suffered an injury of the spine through driving over a trench on Pleasant street. She was unable to leave her bed while the trial was in progress and was brought into the circuit court on a cot, presenting a pitiful sight.

SAID IN JEST.

Carrie—I don't care; Emily looks worse than I do. Maude—Come, dear, I wouldn't be unmerciful.

"I hear Bilker lost his job. Wonder if he's struck anything since?" "Er—yes; all of his friends and two-thirds of his acquaintances."

"Do you pay for poetry?" asked the pretty girl. "Y—yes," replied the editor, with some hesitation. "What do you pay?" "Compliments."

Boarder—Whew! This milk has an awfully queer taste. Landlady, tasting—Well, no wonder. There's neither chalk nor water in it yet.

Bacon—I understand that Crimson-beak treats the cook like one of the family. Egbert—I guess he does. I notice she's got a black eye most of the time.

Bacon—My wife thinks there's no one like me on the face of the earth. Egbert—Well, she hasn't traveled much. There are some very homely men back East.

Grump—I wish a fellow could borrow money as easily as he can borrow trouble. Hump—If you could make money as easily as you can make trouble, you wouldn't need to borrow any.

"How is the doctor getting on with your wife's case?" "Best in the world; seems almost too good to be true." "What was the trouble?" "She had completely lost her voice, and he is certain he can never restore it."

Lover, quoting Shakespeare—Perdition catch my soul, but I do love thee. And when I love thee not—Modern Sweetheart, firmly—And when you love me not, Timothy, it will cost you somewhere about \$500 damages.

"The gentlemen that came to see papa said I was one of the most intelligent children they ever saw," said little Jack. "Indeed," said the proud mother. "Did you recite 'Little Drops of Water for them?' "No'm. I refused."

When Snidewell got religion and got up in meeting to say that he had made up his mind to cast his burden on the Lord, Mrs. S. was heard to remark: "I don't know as I care, so long as I am eased of at least a portion of it in the future. 'Tisn't to be expected that Daniel would ever bear his burdens himself."

During the past eight or ten years in June a mirage of some unknown city suspended in the air has been observed at Glacier bay, Alaska. It has been photographed, but thus far no one has been able to identify the vision.

William Holmes of Dwight, Ga., had a turkey which was a curiosity. It had four well developed feet, two at the proper place and two where the tail should have been. The toes of the latter were turned in an opposite direction from the former. The turkey lived about a week.

In one of the big down town New York buildings there is a restaurant whose walls and ceiling are composed entirely of mirrors. The effect is startling to the person who looks into the dining room from the street or hallways. The curtains prevent his seeing anything except the ceiling and upper walls. In these, however, he can see mirrored all the room contains. Of course everything appears inverted, and it is astonishing enough to see a man eating his soup with his head down and his feet in the air. The sight is sufficiently novel to attract crowds at times.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

Worn Out in Harness.

In the harness of every day business work men and women wear out prematurely. For some of us it is not easy, for others, again, it is impossible to get out of harness. It is the inflexible yoke, the strongly forced unbreakable shackle of imitative servitude needful to ourselves and those most dear to us. The weight of it often bows many of us into the grave before our time, but it is undoubtedly true that there is a means of rendering the burden less onerous, and of mitigating the ailments that unremitting toil, especially of a sedentary kind—has a tendency to produce. Overworked clerks in counting houses, mill operatives, bookkeepers, type writers and others testify to the reviving, restorative effects of Hostetter's Stomach Bitters, and its power to re-energize physical and mental energy when overtaxed and on the wane. Dyspepsia, falling vigor, rheumatic bowels and kidney complaints yield to this beneficent medicine, which is a preventative of malaria and counteracts the effects of exposure in inclement weather.

Turfman James R. Keene.

James R. Keene, the famous Wall street speculator, turfman and owner of Domino and other great horses, made his money in California. He went east to break Jay Gould, but Gould did the breaking. In 1881 his great horse Foxhall won the Czarowitz and Cambridgehire stakes on the other side of the Atlantic, and last year Domino won \$170,310 on the American turf. Mr. Keene is prominently identified with the new jockey club.

To Encourage Literature.

Miss Bleeker—I'm so interested in our reading club. I wasn't at first; but I never miss a meeting now.

Miss Beacon—What are you reading?

Miss Bleeker—Well we are not reading anything at present. We are making preparations to give a dance.—Puck.

It Wasn't an Exception.

Haverly—Do you ever give your seat to a lady in a crowded car? Austen—Never. Haverly—Why, now I think of it, I saw you do so last night. Austen—She wasn't a lady. She never even thanked me.—New York World.

Indulgent Relatives.

Brown, meeting friend on highway—Let me introduce you to my wife and my two brothers and my sister-in-law and mother-in-law. We are just going to take Johnny to the circus. You know, the little fellows do so love a circus.—Puck.

Captain Davis of Harvard's Crew.

The captain of the Harvard varsity boat crew this year is Lincoln Davis. He is a Boston boy and was born there about 22 years ago. He is 6 feet 1½ inches tall, weighs 178 pounds, pulls a powerful and skillful car and has excellent control over his men. In 1892 he rowed in the sophomore boat and was a substitute on the varsity boat crew. Last year he was one of Harvard's beaten eight in the great annual race with Yale.

The chairman of the several county committees are requested to see that conventions are called to elect delegates in accordance with the foregoing. As the state central committee acts as the committee on credentials, it is requested that credentials of delegates elected be forwarded to the secretary of the state central committee at the earliest possible date.

H. C. THOM, Chairman. H. H. RAND, Secretary.

CONGRESSIONAL CONVENTION.

A republican convention for the First congressional district of Wisconsin will be held at the city hall in the city of Racine, Tuesday, July 24, 1894, at 10 o'clock a. m., for the purpose of placing in nomination a candidate for congress, electing a congressional committee and the transacting of any other business that may properly come before the convention.

The several counties in the district will be entitled to representation by delegates as follows: Green, 5; Kenosha, 3; La Fayette, 5; Racine, 8; Rock, 12; Walworth, 8. L. H. PARKER, Chairman Republican Congressional Com. Beloit, Wis., June 14, 1894.

SENATORIAL CONVENTION.

A republican convention in and for the Seventeenth senatorial district, will be held at Brodhead on Tuesday, the fourth day of September, 1894, at 11 o'clock a. m., for the purpose of nominating a candidate for state senator and for the transaction of such other business as may properly come before the convention. Each voting precinct in the district will be entitled to one delegate in the convention.

J. B. TREAT, J. B. FISHER, HANS QAULE, Committee.

COUNTY CONVENTION.

A republican convention will be held at the court house in the city of Janesville, Wednesday, July 18, 1894, at 2 p. m. to elect 12 delegates to the congressional convention to be held at Racine July 24, 1894. Also twelve delegates to the state convention to be held at Milwaukee July 25, 1894, to nominate state officers. The several wards and townships in Rock county will be entitled to delegates in convention as follows: Avon, 2; Beloit, 2; Beloit City, First ward, 4; Second ward, 5; Third ward, 4; Fourth ward, 6; Bradford, 2; Center, 3; Clinton, 3; Clinton Village, 3; Edgerton City, 4; Fulton, 4; Harmony, 2; Janesville, 2; Janesville City, First ward, 7; Second ward, 5; Third ward, 4; Fourth ward, 5; Fifth ward, 3; Johnston, 2; La Prairie, 2; Lima, 3; Magnolia, 3; Milton, 3; Newark, 4; Plymouth, 3; Porter, 3; Rock, 2; Spring Valley, 4; Turtle, 3; Union, 3; Village of Janesville, 6. Per order county republican committee. W. T. VANKIRK, Chairman.

There are 47,000,000 sheep in this country, and by the time the farmer brings them to maturity, providing them with food and shelter, he fails to see why their fleeces are called raw material. All the same, this is the one item selected by a democratic congress to practice free trade upon.

"When I was a boy," says Governor Flower, "ten mills used to make a cent, but for the past year a hundred mills haven't made a cent." This remark shows that Governor Flower's regard for truth and his sense of humor are superior to his democracy.

When the steerage passengers going to Europe more than equal the number of immigrants the democrats feel that even the naturalization mills are going back on them.

Although several persons are talked about for the republican nomination in 1896, nobody is mentioned for the democratic candidacy. The silence is significant.

ever offered for sale in Janesville. For the last year or two prior to May 1 last, we had other business to attend to. We neglected our shoe business and we did not do the business we were capable of doing and from lack of attention the people went elsewhere. Commencing May 1st we began to tell the people what we had for them, and we proved every assertion with the goods. The result is we have no trouble in keeping five salesmen busy. Our business has more than doubled and is increasing every day. The people are with us. They know when we tell them a shoe is so and so that assertion is true. Ask them. We can, will and are buying high grade shoes, the best made for less money than any shoe house in the city. We are selling them for less. We have the money to do it. We take advantage of all discounts, and give all these items to the people.

CARL FOSSOM MEETS WITH A VIOLENT DEATH.

Other Men on the Saberson Farm Sick en at the Sound of Breaking Bones—No Contagious Diseases in Town—Sneak Thieves at Work—Brief Bits of Local News.

CARL FOSSOM'S skull crushed like a nut shell as it came between hay rack and barn on the Saberson farm. Fossom died instantly. He had been hauling hay for the Saberson brothers near Afton, and climbed down off a load. As he started to get up again the horses became frightened and swung around the end of the barn instead of going into the big door. Fossom, clinging to the side of the load, had his head just high enough to be caught between the rack and the barn and the bones of his skull were broken with a sickening noise. He dropped to the ground and was dead when the first man reached him. He was a single man, living with his parents six miles north of Beloit.

ST. CLAIR'S SLEEP THAT OF DEATH

WELL-TO-DO MAN'S MYSTERIOUS DEMISE.

Went to His Room in the Railroad Hotel and When the Proprietor Looked in this Morning He Was Dead—Had Plenty of Money on His Person.

Thomas St. Clair, a well-to-do Mar-engo man was found dead in his bed at the Railroad hotel at noon today.

Landlord Adam Holt looked into the room at noon and saw the man lying flat on his back, dead. He at once notified the officers, and Sheriff Bear summoned a coroner's jury before Justice M. S. Prichard, who at once commenced an investigation of the cause of death.

"He was a stranger to me," said Landlord Holt to a Gazette reporter, "although I think I have seen him several times. He came in here last night about 7 o'clock and asked for accommodations. He then went over to the depot, coming back in a few minutes, saying that he was not feeling very well and would like to go to bed. He was shown to room 3 on the second floor. He left his door open. Mrs. Holt passed by his door at 6 o'clock this morning and noticed the man lying on the bed, and reported the fact to me. I went up and shut the door. At noon the porter opened the door to see if the man had gone, and then reported to me that he was dead."

Did Not Go To Bed.

St. Clair was a man of ordinary build, long greyish whiskers, was apparently about sixty years of age and was well dressed. He lay diagonally across the bed, his head at the foot, and his feet partly hanging over the bed near the pillow. His clothes were carefully hung up on the clothes rack in the room, and he had only partly turned down the bed clothes. His limbs and body were much discolored.

At 2 o'clock Dr. Henry Palmer was called in to make an examination of the body.

S. Severhill, G. Gilbertson, John Barron, George Gould, Will Porter and Julius Nebelsick were the jury that examined into the cause of death.

When St. Clair's pockets were searched by the coroner a \$1,000 certificate of deposit was found as well as other certificates, the whole amounting to \$1650. Considerable cash was also found.

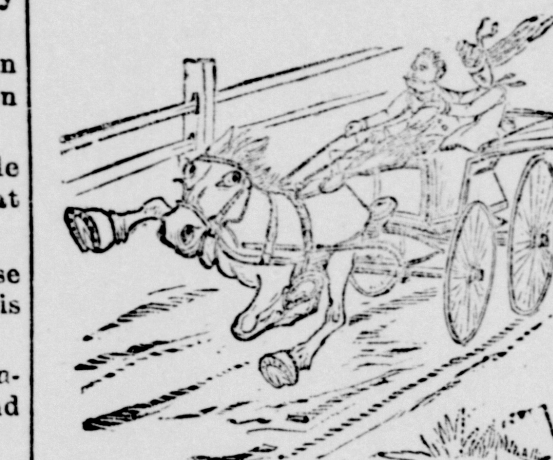

Dr. Palmer made an examination of the body and decided that death was due to heart difficulty. The discoloration resulted from this and from the intense heat.

TEAM TORE DOWN MANY FENCES

Charles Baines' Horses Frightened On Milwaukee Street This Afternoon.

Charles Baines' team took fright on Milwaukee street this afternoon, and made a wild and wicked run. They knocked down the gas lamp post at Milwaukee and Franklin streets, and after running through and jumping several door yard fences, they were corralled in a yard, having broken the vehicle badly.

The component parts of Horsford's Baking Powder are known to me, and as they are essential constituents of the tissues of the human body, as also of the wheat grain, but unfortunately not present in the beautiful white flour obtained from it by the recent methods of milling, it commends itself to me as being a most admirable baking powder, greatly to be preferred to cream of tartar or any other compounds which can merely leaven the flour, but cannot, like this, impart to it those valuable nutritive elements the miller has robbed it of.

FIRE AT A SCHOOL FLAG-RAISING

Janesville Veterans Have a Chance to Fight Fire in Turtle Township.

Fire caused excitement at the flag raising in School District No. 3, town of Turtle yesterday afternoon. Fred Hann's barn and granary on the opposite side of the road were totally destroyed.

A large crowd of people had gathered at the school house to witness and participate in the flag raising. After the exercises were fairly under way the alarm of fire was given and the exercises were indefinitely postponed.

The barn was totally destroyed, but the horses were safely removed, as well as the harness and most of the other contents. Adjoining the barn was the granary containing Mr. Hann's wool clip, which was also lost. It was only by heroic work that the dwelling house was saved. L. M. Nelson and B. F. Hilt, of W. H. Sargent post, were present.

"If Hoke Smith had seen Nelson and Hilt work at that fire," remarked a farmer who was an onlooker, "he would certainly have taken their pensions away."

Mr. Hann's loss is estimated at \$900, insured in the town of Turtle company for \$500.

The stars and stripes were raised previous to the fire alarm, but the most of the interesting program was not rendered. The exercises were opened with prayer by Rev. Hesser, of Shopiere, which was followed by addresses by Rev. Reynolds, of Clinton; F. P. Starr, of Afton, and W. F. Mayhew, of Clinton. The other speeches were to be by Rev. Howarth, of Clinton; Mosser, of Shopiere; Manaton, of Shopiere and Superintendent Throne. The pupils were also given numbers in recitations and music. A large delegation of veterans were present from Beloit, Clinton and Shopiere.

There was a flag raising at the school house in joint district No. 2, town of Porter, yesterday, members of the Grand Army from Evansville participating.

MERRY TIME AT THE PARK HOTEL.

Formal Opening of the Hostelry by Landlord Galbraith Was a Success.

Hot weather couldn't prevent the Park Hotel opening from being a complete success. Thirty couples of young people and of older people made young by the scene joined in Scotch reels and quadrilles with enthusiasm. Some spent the time in card playing in the adjoining rooms, or chatting on the cool piazza.

Dancing commenced between 9 and 10 o'clock and shortly after 11 o'clock supper was announced. The guests were seated at small tables and the corps of young lady waiters performed their work in a thorough and satisfactory manner.

Landlord and Mrs. Archie Galbraith made the occasion a delightful one for their guests. Every detail was carefully attended to and no one was overlooked.

After supper the tables were removed and dancing was resumed. The floor was in charge of E. B. Heimstreet, Dr. R. W. Elden, Robert M. Bostwick, J. P. Baker and Dr. C. Peirce. Smith's orchestra furnished the inspiration for the dance, and did much towards making the affair a success.

Y. M. C. A. MEETING TO-MORROW

Opportunity for Good Work by the Men of the City.

The time is at hand when men who are interested in good morals, should accept every opportunity, and allow their influence to tell along right lines. The Y. M. C. A. work opens to every man a way to help others, by a profitable use of the time spent Sunday afternoon. The presence of every man interested in young men is wanted at the Y. M. C. A. meeting every Sunday at 3 p. m. John Gowdy will lead tomorrow afternoon. The talks, music and congenial association of young men is inspiring and invigorating. No one should miss this opportunity from 3 to 4 Sunday afternoon at the Y. M. C. A. rooms.

THE STONE FORTUNE DIVIDED IN COURT.

MATTHEW ASHTOO'S FAMILY ARE GIVEN \$25,000.

All the Rest of the \$175,000 Goes to the Relatives of Daniel Stone—Compromise Agreed Upon Some Time Ago Is Now Made Legal—The Conditions.

The litigation over the immense estate of the late Daniel Stone, of Fulton, has come to an end, and the estate is to be divided among the heirs, twelve in number.

The will in favor of Matthew Ashton was annulled in county court to-day, and the great contest was decided in favor of the contestants, and a basis of distribution was quickly agreed upon.

"The estate inventories at about \$175,000," said Attorney M. G. Jeffris of Fethers, Jeffris & Fifield, attorneys for contestants this afternoon. "We have all agreed upon a basis for distributing the estate among the twelve heirs. Mrs. Ashton and her children are to get \$25,000. The other heirs will receive proper shares, according to kinship. This is undoubtedly the end of the litigation."

DEATH OF DANIEL MURRAY.

Thrown Fifteen Feet by a Pair of Runaway Horses.

Daniel Murray, of this county, who was killed in Ellendale, South Dakota, was the oldest of the Murray brothers. The particulars of his death are related by the Ellendale Leader:

"The Guelph picnic, which was numerously attended by people from far and near last Saturday, came to a tragic conclusion in the death of one of Hudson's best known farmers, Daniel Murray. It seems that Daniel and Edward started together for Guelph in a road cart, and when near town the four-year old colt which they were driving became unmanageable and ran away. Ed. Murray being thrown out almost immediately, but not hurt, crossing the railroad track the colt headed for the west part of town where he encountered some rough ground and Mr. Murray was thrown backward into the air about fifteen feet, and when his brother reached him blood was pouring from his nose, ears and mouth. He was never conscious and expired in a few moments. The funeral took place Tuesday the 19th at the Catholic church in Oakes, Father Dillon officiating."

Wild Cherry Phosphate, a delicious temperance beverage. Directions: One teaspoonful of Wild Cherry is sufficient for an ordinary half pint glass. Sweeten with a teaspoonful or less of sugar. To make a gallon of beverage, use 2 to 2 1-2 ounces of Wild Cherry and a pound of sugar. The most convenient for every day family use is to make a syrup. To a 25 cent bottle of Wild Cherry use 1 1/2 pounds of sugar and 1 pint of water, hot or cold; mix all together until sugar is dissolved; then strain through cotton. One to one-half ounces of this syrup in a glass mixed with cold water makes a delicious and healthy drink, the same as we serve at our fountain every day.

THIN GOWNS.

Fashionable Combinations of Muslin or Lawn With Lace.

If you have any old fashioned wide lace collars, now is the accepted time to bring them forth and wear them. The greater the number the better, for instead of making one collar do for several gowns, as was formerly the rule, as many as can be obtained are used for the trimming of one costume. They form epaulets, cuffs, basques and yokes and are ruthlessly cut to better adapt them to the particular purpose for which they are used.

Heavy qualities of lace are preferred, but a great deal of valenciennes edging and insertion is employed to trim thin stuffs, such as muslin and lawn, for which guipure and kindred makes would be too coarse. Ecu or yellow lace with white goods is a fashionable combination and gives a pleasing effect for a change, especially if the white material is thin and is made up over a lining of the same color as the lace. White muslins are shown having a small embroidered dot of pink, blue, lavender, yellow or black, and these, too, are charming over a tinted lining. The costume may be so constructed that the lining is separate from the muslin, which of course simplifies the laundering of the

TAFFETA GOWN.

latter and gives the gown a wider usefulness. Several pretty ways of making muslin costumes are seen. In some cases the full unlined skirt is fitted to the hips by means of a sort of yoke composed of rows of shirring, the puffs being separated by bands of lace beading, through which narrow ribbons are run. More often a lace edged flounce is sewed around the lower part of a plain skirt to simulate a round or pointed overskirt. The round bodice is full and is gathered in at the waist under a belt. It is decorated with a bertha, bretelles or a scarflike trimming, or it may be made with a yoke or crossed over serpentine fashion. Elbow sleeves are often seen, although the unlined gigot sleeve appears on many transparent gowns. Of course, when short sleeves are used for out of door costumes, it is necessary to wear gloves long enough to meet them.

Silk is greatly favored for summer attire and in the thin varieties is appropriate enough, but moire and peau de sole seem rather too thick and firm for warm weather wear. However, they are worn, witness the costume of which a sketch is given. The first skirt is of pale green taffeta covered with white lace; the second, of peau de sole to match, trimmed with black moire ribbons. The blouse corsage is of peau de sole and is mounted on a black moire yoke. The epaulets, figaro and belt are of white lace, the sleeve puffs of black moire and the deep cuffs of peau de sole.

ROSE HUED REFLECTIONS.

Light From Festive Scenes Strained Through Pink Shades.

Decorators and furnishers, persons who give entertainments and persons who go to them, have all come to the conclusion that the light shed upon festive scenes must be strained through pink shades in order to be becoming as well as cheerful. Blue is out of the question, green is too melancholy, red too demoniacal, yellow too trying to the complexion and white too cold. Pink is the one and only tint universally suitable, and the desired rosy tinge is obtained by means of numerous little devices not necessarily expensive. It is not needful to discard white and crystal globes and replace them by others made of pink glass, for an equally good effect is obtained with shades constructed out of pink cambric or silk. For electric lights a leaf shaped shield of rose colored paper is provided, which falls in front of the light and mellows its rays to the right degree. A woman who has ever carried a pink parasol knows what power lies in light so filtered to brighten and transfigure the com-

plexion, so she will at once appreciate the delightfulness of a ballroom thus illuminated. But why should such a charming effect be left entirely to public functions? Pink is a pretty color for other things besides cheeks, however. It cannot be worn by a fallow person or one with a rough skin, but its various tones are becoming to many different types of women if the shade be carefully selected with regard to the individual characteristics. A sketch is given of a costume of rose colored taffeta and crepon. The first skirt is of accordion plaited taffeta; the second, of embroidered crepon slightly draped on the left side. The bodice, belt and basque while the sleeves and bolero

Mrs. WILLIAM ROBERTS, Bridgeport, N. Y., writes: "I had not taken your Medicine, I would not be here now. The doctors did me no good, I was just a mere skeleton, could not eat, I would have a awful pain in my stomach—pain in my side, bowels and chest; soreness in my back and womb; was weak, nervous, and could not sleep."

After I took your "Favorite Prescription," and "Golden Medical Discovery," I commenced to improve. In two weeks could walk about the house—could eat—did not have any more pain in my stomach—threw away my morphia powders. When I first commenced taking the medicine it made me feel worse. I was hoarse, could not speak aloud for three days; as I got better my pains and bad feelings left me and I could sleep good; my nerves got better. Before I took your medicine I kept in my bed four months—got worse all the while. I am now quite fleshy and can work all day."

PRODUCE OF NATIONS.

The leading exports of Denmark are pork, butter, eggs and lard.

The leading products of Japan are rice, wheat, sugar, tea and silk.

Uruguay furnishes hides, tallow, wool, frozen meat and meat extract.

Venezuela gives sugar, coffee, vanilla, rubber, tonca beans and cocoa.

Switzerland yields cheese, butter, condensed milk, clocks and watches.

France exports wines, silks, chestnuts, walnuts, olives, plums and fashions.

Servia gives the rest of the world about 20,000 pounds of dried plums every year.

Spain exports wine, raisins, onions, oranges, nuts, olives, iron, quicksilver, lead and copper.

The principal agricultural product of Germany is potatoes; the second is hay; the third is beets.

The leading articles of export from Great Britain are cotton goods, woolens, linens and metals.

The leading exports of Greece are currants, metal ores, tobacco, wine, olive oil, figs and sponges.

Canada exports every year over \$3,000,000 worth of wood and its manufactures and \$2,000,000 worth of cheese.

The leading products of Austria are the food-grains, sugar-beets, tobacco, hemp, wine, iron, coal and the precious metals.

Russia exports wheat, cattle, hides, wool, gold, iron, copper, lumber and platinum, and manufactures enormous quantities of alcohol and sugar.

The United States manufactures more iron, steel, copper and lead than any other country on the globe, Great Britain being a little ahead on zinc and tin.

Italy gives the world wine and silk. About 90,000,000 pounds of cocoons are produced every year. Most of the world's coral and sponges are produced from Italian waters.

Turkey sends out tobacco, the cereals, nuts, almonds, olives, all sorts of dried fruits, coffee, madder, opium, and an enormous amount of wine, the last-named article to France to be re-bottled and exported.

RANDOM NOTES.

Silver gray false hair is the most difficult to obtain.

Virginia has the world's greatest manganese mines.

Here is a comment that recently appeared in a Chinese newspaper: "The second son of the Mandarin Ko Lin is said to have four legs. That is the fault of the moon."

It is estimated that the aggregate of our exports and imports during the last two years shows a greater falling off than has ever occurred, unless it was during the first two years of the civil war.

Germany is now the best educated nation of the continent, yet only 100 years ago German teachers in many parts of the country were so poorly paid that they used to sing in front of houses in order to add to their income by odd pence.

Since the statement has been officially made that the District of Columbia has the largest death rate from consumption of any part of the United States, the people of Washington are rising to inquire why this is so. Some attribute it to the soldiers' home and government offices and others to other causes.

Town of Harmony.

THE GATHERED BLOUSE.

TELLTALE HEELS.

The Characteristics of a Man as Shown by His Footwear.

There is a new word to be added to the language, a new topic to general conversation and a new science to the accomplishment of the empiric professor. The word is scarpology.

The scarpologist is not exactly a cheiromancist. He deals with your other extremity and tells of your character, not by the hand, but your foot, or rather your boot. Give him a boot or shoe you have worn for three months or more, and you are opening up to him all your secret springs of action, your motives, your conduct, your life. It is a doctor in Bale who has founded the new philosophy and announces himself as the original scarpologist. He has, of course, to give a few indications to support his claim to his proud position. A man does not become a professor by merely inventing a word.

So here are the indications, says the Westminster Review. If you wear heel and sole even, you are an energetic man, full of action and resource; and if that boot belongs to a woman, the owner is faithful, affectionate, and possessed of the domestic virtues. If you wear the sole of your boot on the outside—which most people do—you are an enthusiast, and very likely to become an adventurer. This is not pleasant philosophy, and what makes it worse is that the boot tells the same story for both sexes. But it is when the wear is on the inside that the results are the strangest. If you are a man, you are a feeble, irresolute, vacillating creature; if you are a woman, you are attractive, gentle and modest. Now, this too, is odd philosophy. For knock-kneed people generally wear their boots on the inside. A knock-kneed man may be feeble and irresolute; but why should a knock-kneed old maid be attractive, gentle and modest?

When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent us a bottle, we began giving it to Blanche, and the effect was almost immediate.—Mrs. R. H. Bullock, Brighton, N. Y.

His Lessons.

It is still true that bodily exercise of some kinds is not highly profitable. But things otherwise unprofitable may be mildly amusing.

"I am trying to learn to ride a bicycle," remarked an elderly bachelor who walked somewhat stiffly, to a friend whom he encountered on the street. "I'm just going home from my lesson now. I've had more tumbles than usual this afternoon, and that's saying a good deal."

"How long are your lessons?" inquired the friend.

"Half an hour," responded the bicyclist, with a rueful countenance; "twenty-five minutes on the floor and five in the air is my usual proportion."

It Was Safe.

Clerk—There has been a mistake made, and your package has gone to Milltown, New York, instead of Milltown, New Jersey. I will have it forwarded to the right place.

Disturbed—Foreigner—Perhaps some one has been and got it already.

Clerk (patiently)—You know that no one but your brother could get it.

Foreigner—But somebody of the same name might—

Clerk—what is your brother's name?

Foreigner—Vasilii Ozeretzkoisky.—Judge.

HER EYES FELL.

—Life.

Information Wanted.

Traveler (from Podank)—Is this here th' bureau of information?

Railroad Clerk—It is.

Traveler—Well, about six hours ago a feller took my watch an' satchel around th' corner to git my name engraved on 'em, so they wouldn't git lost, an' I wanter know if the engravers of this 'ere town are all out on strike.—N. Y. Weekly.

Between Girl Friends.

Miss Seare—Jack Marblehead gave me a great reception yesterday. He has a cannon on his yacht and when I came on board he fired a salute of ever so many guns—forty-nine, I think it was.

Miss Smarte—One for every year of your age, I suppose.—Vogue.

Brutal.

She (during the spat)—You hate me, you know you do, and why won't you say so?

He (calmly)—Because it isn't true.

She (sobbing)—There! There you go again—charging m-me with—falsehood.—Chicago Record.

Incautious Allusion.

Van Pelt—There must be something standing in the way, or you would not thus scorn my love.

Miss Wool—Now that is so like a cowardly man; it wouldn't be safe for you to speak of Mr. Chapley to his face as "some thing."—N. Y. World.

In a Bad Fix.

Adams—How is Brown coming on?

Bell—Very poorly. He can't eat.

"What's the matter with him?"

"There's nothing the matter with him except lack of food. He is stopping at a fashionable boarding house."

—Boston Herald.

A Trans-Position.

Smythe—I understand your son plays football?

Tompkins—Yes; he's full back.

Smythe—Well, mine doesn't play; but I notice that when he attends a game he generally comes back full.—Once a Week.

Infant Curiosity.

The Visitor—Well, Bessie, why are you staring so at my hat?

Little Bessie—I was trying to see if you had your cap under it. Mamma says it's so funny to see how you set it at the new minister!—Puck.

Charge Sustained.

Charley Sorreltop—Baw Jove, I b'lieve you married me for my money!

Mrs. Sorreltop—My dear, look in the glass and ask yourself if I could ever have married you for anything else.—Chicago Tribune.

Persistent.

Hills—How is Browne making out as an amateur photographer?

Hulls—About one hundred dollars out, but he is going to keep on until he makes one picture that will be recognizable.—N. Y. World.

Trying to Escape.

Mr. Dunn (angrily)—This bill has been running three years.

Hardy Upton (calmly)—What else could you expect of it? You've been chasing it for two years and eleven months.—Puck.

Wanted a Change.

Little Dot—Oh, I'd give anything if I was old enough to have a husband.

Mamma—Mercy me! Why?

Little Dot—I'm so tired of being petted.—Good News.

He Knew It Was There.

Fosdick—Is there any money in the business you are now engaged in?

Cawker—Oh, yes. I've dropped five thousand dollars into it myself.—Judge.

All Gone.

Nodd—I lost four dollars yesterday.

Todd—How's that?

Nodd—I made a mistake and gave my wife a five dollar bill when I thought it was one dollar.—N. Y. World.

Very Vinegary.

Mother—How do you like your new car?

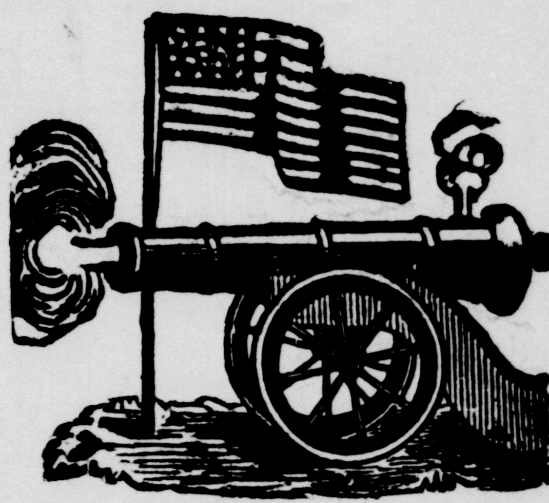

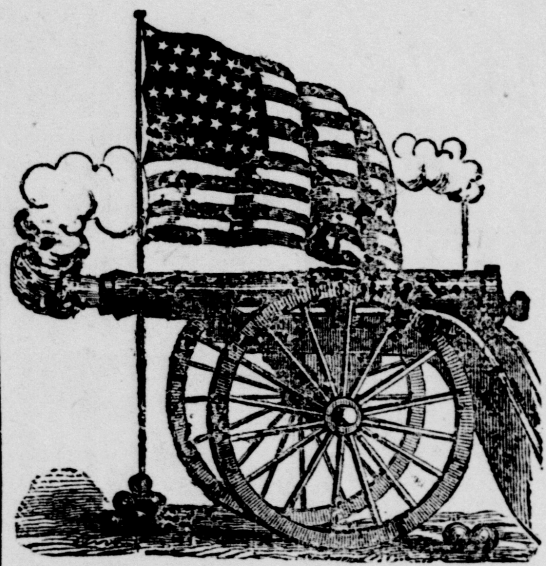

He Dick—I don't like her at all. Such a sour, early strawberry.

Good News.
